Dear TCAT,

We have an entry-level position open. This position is a perfect starting point for a student who is entering the job market. More info can be found below:
https://www.mapletronics.com/service-coordinator

This position is in our Columbia, TN Office, and is Full Time.

Also – we focus on promoting within our origination – so this position would be a great stepping stone for someone as they grow inside our company when we have another position open up.

One last thing – we may soon be hiring someone for a Tech 1 or Tech 2 Position in the near future. If you have someone interested in a more hands on (Installing Network Equipment, Workstations, basic Server Install, O365), please have them fallout the form below:

If you have any questions, you can reach me via email, call, or text message @ 931-626-5410.

Thanks so much,

Casey Williams
