### More information

See the attached job responsibility document above. We will be looking for someone to fill this position around the March 2020 time frame. This position will be replacing an employee who is going out on maternity leave and has elected not to return after the birth of her first child. The current job incumbent will be available to assist in the training of the this new employee. The work schedule is normally Monday through Friday, with some Saturday work required (normally early in the morning). The hours are somewhat flexible depending upon production demands. The pay rate is negotiable, but should start around \$20.00 / hour depending upon the applicant's qualifications and experience. Medical, dental, and vision insurance are available along with

AFLAC supplemental plans after the 60 day introductory period. Paid holidays and accrued paid vacation time are also available. The successful applicant for this position will work in the lab and out in the plant as well.

We are open to working around someone who is in school's schedule, if possible for a while.

**Note:** the individual in this position cannot be color blind, due to the requirements to differentiate subtle changes in shades, patterns and colors.

Rainbow Inc. expertise is in the Ceramic Tile industry with a broad range of services.
