

Arcosa Marine is searching for a **Product Surface Prep / Barge Cleaner** in our Ashland City, TN barge plant.

Arcosa Marine is a leading U.S. manufacturer of barges that transport dry and liquid cargoes on inland waterways. **Arcosa Marine** in Ashland City, TN manufactures tank barges that carry petroleum and other refined products, chemicals, fertilizer, ethanol, and other liquid cargoes. **Arcosa Marine** also manufactures dry cargo barges, including flat-deck and hopper barges that transport a variety of products, such as grain, coal, and aggregates.

As a **Product Surface Prep / Barge Cleaner** at **Arcosa Marine**, you will work on preparing barges for paint by grinding welds, surface scrubbing and debris clean-up.

What you'll do:

- Perform general, manual labor tasks including loading, unloading, lifting, and moving materials
- Operate automated blast system or hand blast system
- Operate automated equipment or hand tools to clean or prepare interior and exterior product surfaces
- Remove debris, materials and dirt
- Barge paint preparations
- Follow all safety rules and practices
- Perform other duties as assigned

Work schedule: Monday – Friday, 6:00 AM – 2:30 PM

What you'll need:

- 6 months to 1 year of related experience in a construction, industrial or manufacturing plant environment is preferred
- Must be able to work in small confined spaces
- Must be able to climb ladders or stairs to reach objects
- Physical strength and dexterity
- Able to work effectively in a hot or cold environment while wearing the required Personal Protective Equipment (PPE)
- The ability to maintain good attendance
- Willing to work overtime, weekends and holidays as needed
