

Arcosa Marine is searching for a **Crane Operator** in our Ashland City, TN barge plant.

Arcosa Marine is a leading U.S. manufacturer of barges that transport dry and liquid cargoes on inland waterways. **Arcosa Marine** in Ashland City, TN manufactures tank barges that carry petroleum and other refined products, chemicals, fertilizer, ethanol, and other liquid cargoes. **Arcosa Marine** also manufactures dry cargo barges, including flat-deck and hopper barges that transport a variety of products, such as grain, coal, and aggregates.

Our Crane Operators work for a company that puts employees first and offers great benefits. As a Crane Operator at **Arcosa Marine**, you'll operate electrically-powered, diesel, or rubber tire cranes consisting of operator's cab and moveable hoist mechanism mounted on bridge to lift, move, and position loads, such as machinery, equipment, products, and solid or bulk material, using hoisting attachments.

What you'll do:

- Operate mobile cranes, gantry, bridge or whirly cranes with a lifting capacity greater than 35 tons
- Operate a cab operated overhead crane
- Operate a steel yard overhead crane
- Move and lift more than 20 tons
- May perform as rigger for gantry cranes
- Responsible for daily inspection, assigned maintenance, and safe operation of assigned crane
- Ensure crane is properly secured (tied-off) at the end of each shift
- Support other departments and/or machine operators as needed
- Follow all safety rules and practices
- May be involved in safety committees or initiatives
- Perform other duties as assigned

What you'll need:

- Minimum of 1 year of experience working as a Crane Operator
- Ability to move and lift more than 20 tons
- Work requires the ability to read and write in order to complete standard records
- Knowledge and experience in operating controls, rigging principles, hand signals, and safe lifting procedures
- Must have completed crane operator training and certification course provided by the Safety Department
- Must have the ability to operate crane and lift loads in a safe and non-hazardous manner to ensure the safety of operator and all other employees in the area
- Willing to work overtime, weekends and holidays as needed
