

Arcosa Marine is searching for **Entry Fitter/Tack Welder** in our Ashland City, TN barge manufacturing plant.

Arcosa Marine is a leading U.S. manufacturer of barges that transport dry and liquid cargoes on inland waterways. **Arcosa Marine** in Ashland City, TN manufactures tank barges that carry petroleum and other refined products, chemicals, fertilizer, ethanol, and other liquid cargoes. **Arcosa Marine** also manufactures dry cargo barges, including flat-deck and hopper barges that transport a variety of products, such as grain, coal, and aggregates.

Our assemblers get to see what they've built on waterways across the country. As a **Entry Fitter/Tack Welder** at **Arcosa Marine**, you'll work with a great group of people who really care about the job you do. You'll follow specific instructions to perform a variety of routine manual labor tasks or assist skilled workers in simple production, process, or maintenance tasks.

What you'll do:

- Provide skilled assistance in assigned area
- **Tack welding** (FCAW)
- Train for additional fitter / fabrication skills
- Assist skilled workers involved in fabricating, welding, assembling, installing, and processing by a variety of functions, such as: sorting and counting, feeding, and unloading parts, sweeping, cleaning, rough painting, and other manual labor tasks as needed
- May perform general, manual labor tasks including loading, unloading, lifting, and moving materials
- Perform other duties as assigned

What you'll need:

- Minimum of 1 year of relevant experience in a construction, industrial, or manufacturing environment
- Requires the ability to work with a tape measure and determine center point
- Able to perform basic math
- Able to work effectively in a hot or cold environment while wearing the required PPE
- Desire to learn and train up to the next level as a Fitter
- **All Fitters have to pass a tack welding test**
- May require working above ground
- Must be able to climb ladders or stairs to reach objects; comfortable with heights.
- May require working in narrow or confined work spaces for extended periods of time
- May require extensive kneeling, bending, walking and/or standing for long periods of time
- Willing to work overtime, weekends and holidays as needed
