

Seeking 3 Qualified Candidates who have general knowledge of Industrial Electricity.

The company goes into commercial buildings and retrofits fluorescent bulbs with the most recent L.E.D. bulb technology.

They will be working in the Nashville through mid-October, but they must be open to traveling immediately following the completion of the Nashville project.

The company is based in Nashville, but they work all over the SouthEastern United States. They will pay for travel expenses, room and board, and pay \$40/day per diem.

The longest project they will be on at one time is 12 weeks, but they will send employees home on the 6<sup>th</sup> weekend and pay for expenses.

Candidates must be willing to submit to a drug test, have a clean MVR, and clear background.

This would be a great opportunity for someone who is just getting out of trade school, or trying to get foot in the door with an outstanding company.

Pays \$15-\$23/hr depending on experience
